EMPOWERING YOUTH THROUGH SAFETY EDUCATION

@SafetyCityRD

Modern & Heritage Tools

Thanks to generous donations and amazing friends in our comunity we host a selection of heritage farming tools from Sunnybrook Farms which give youth hands onexperience with a vaiety of different hazards.

Through Pat's Driveline we are home to a PTO Demonstrator, showing youth entangement in a safe and non-truamatic simulation.

A.I.M. for Safety System

Through the AIM safety system youth learn to assess and manage hazards of all kinds through variable circumstances, and inconsideration of training and learned experiences.

TOGETHER, WE GROW FOR TOMORROW.

A donation or sponsorship to Safety City is a step towards a world free of easily preventable injuries & goes towards supporting Children's Safety Education in Central Alberta.
